

PRODUCT SPECIFICATION

PS-502

SPECIFICATIONS

Product information

Shell material	ABS
Weight	650 g
Product size	152*90*55 mm

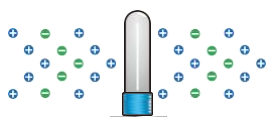

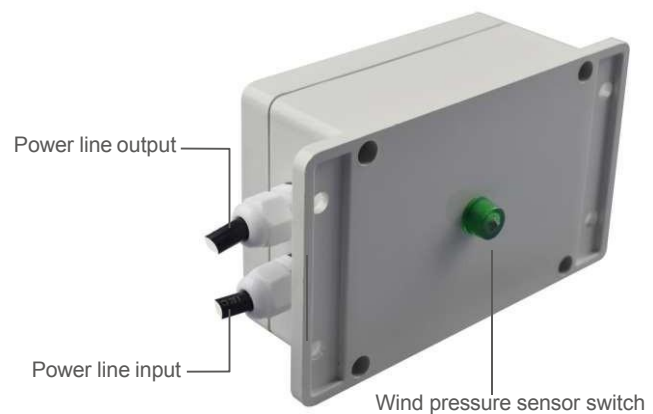

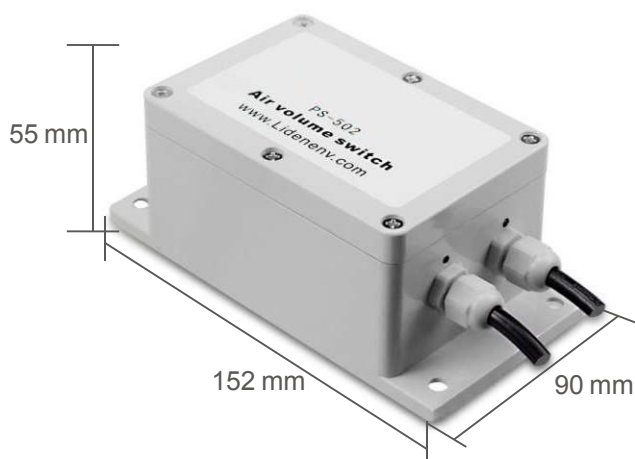

Electrical

Rated Voltage	220V AC / 240 AC
Power	4 W
Peak load	200 W
Internal fuse - overload safety protection design and double protection of power supply	

APPLICATION

PS-502 Pressure switch, is an intelligent and highly sensitive automatic control system. To control the purification system automatically through airflow, ion tubes will work automatically when wind pass through the pipe, otherwise stopped. Unique output, with purification system, it's also can connect multi-group ion generator of different models at the same time, easy to install.
